Sir M. Visvesvaraya Institute of Technology

Bachelor of Engineering in Electronics and Communication Engineering, 7.9 CGPA

Aug 2020 – May 2024

Bangalore, Karnataka, India

Experience

Appinventiv

Apr 2025 – Present

Software Engineer — Frontend Developer

Noida, Uttar Pradesh, India

- Working as part of the core frontend team for a US-based E-commerce client, contributing to a large-scale production web application.
- Played a key role in delivering the MVP, which has successfully been launched in production and is actively being used by real customers.
- Developing responsive, modular, and high-performance UI components using React.js, JavaScript/TypeScript, Tailwind CSS, and GSAP animations.
- Collaborating with backend, QA, and design teams to implement new features, optimize performance, and ensure a seamless user experience across devices.

Projects

Zentry Live Link | *React.js, GSAP, Tailwind CSS*

- Modern Front-End Development: Built using React.js and Tailwind CSS to create a highly responsive and visually appealing UI.
- Advanced Animations: Integrated GSAP for smooth animations, transitions, and interactive elements, enhancing the user experience.
- Performance Optimization: Ensured high-performance rendering and smooth scrolling with efficient component structuring and animation sequencing.

GSAP Cocktails Live Link | *React.js, TypeScript, GSAP, Tailwind CSS*

- Interactive Recipe Platform: Created a visually rich cocktail recipe app featuring smooth animations and interactive UI components.
- Modern Tech Stack: Built using React with TypeScript for type-safe development, styled with Tailwind CSS and animated via GSAP to enhance user engagement.
- Responsive Design: Ensured a seamless experience across devices, focusing on animations that adapt elegantly to different screen sizes and user interactions.

Technical Skills

Frontend: React.js, Next.js, TypeScript, JavaScript

Styling: Tailwind CSS, SaaS, CSS

Backend: Java, Spring Boot, Node.js, express, NestJS

Database: MongoDB, PostgreSQL

Dev Tools: Git, GitHub, GitLab

Soft Skills: Problem-solving, Teamwork, Communication, Critical Thinking, Leadership

Achievements
